Ian Mwangi

FullStack Engineer

Bio

Energetic FullStack engineer with a passion for developing innovative solutions to complex problems. Expertise in a wide range of programming languages and frameworks including React-Native, React, Python, Angular, Postgresql, Flask and Django. Proven ability to work collaboratively with cross-functional teams to deliver high quality software on time and within budget. Passionate about staying up-to-date with the latest trends and technologies in the industry and apply them to drive business success.

Experience

CintelCore I.T Limited - Nairobi, KE

React-Native Developer · Jan 2023 – Dec 2023

- Developed a mobile app for a visitor management system using React Native and Expo, incorporating face recognition technology.
- Implemented automatic user face capture and API-based authentication to streamline the visitor check-in process.
- Designed user flows for image registration and office selection, enhancing user experience and system efficiency
- Ensured seamless integration with backend APIs for image mapping and user detail retrieval.

EpicApp Limited - Nairobi, KE

Angular Developer · May 2022 – Oct 2023

- Built an admin dashboard using Angular for managing 16 microservices, providing comprehensive control over the company's systems.
- Implemented features for an e-commerce platform, hotel management system, and Uber-like functionalities within the dashboard.
- Enhanced user interface design and user experience by closely collaborating with the design team.
- Utilized version control systems, including Git, to manage codebase and track changes efficiently.
- Worked in an Agile/Scrum environment, contributing to sprint planning and daily stand-ups to ensure timely delivery of features
